

# Secular Homeschool Curriculum Options

1. **SecularHomeschooler.com** is a vibrant online hub for families seeking a non-religious approach to homeschooling. Built by and for secular homeschoolers, the site offers a growing library of inclusive curricula, insightful articles, and real-world advice from parents navigating education without dogma. Whether you're new to homeschooling or a seasoned educator looking for community and resources that align with your humanist values, SecularHomeschooler.com is a welcoming space to connect, learn, and grow outside the traditional classroom—with reason and curiosity leading the way.

## **Bringing Humanism Home**

A free collection of flexible, multi-age lessons that help families explore empathy, ethics, curiosity, and global responsibility together. The resource includes curated books, films, and discussion-based activities designed to spark critical thinking and meaningful conversations. Simple to use and easy to adapt, it's ideal for homeschoolers, unschoolers, and families interested in values-based learning. It is currently the only online resource available that is specifically geared toward Humanist values-based/character education helping families learn together about empathy, altruism, community responsibility, and global citizenship.
